

M3 - Dissection techniques of perforator flaps and supermicrosurgery using a live animal model (pig)

Dear All,

We hope you will find the information in this letter useful.

To begin with, we would like to remind you that **Module 3. Dissection techniques of perforator flaps using a live animal model** will be held in Timisoara from the **17th to the 18th of December 2015**, at the following address:

Pius Brnzeu Center for Laparoscopic Surgery and Microsurgery

Strada Regimentul 13 Călărași,
Timișoara 300371

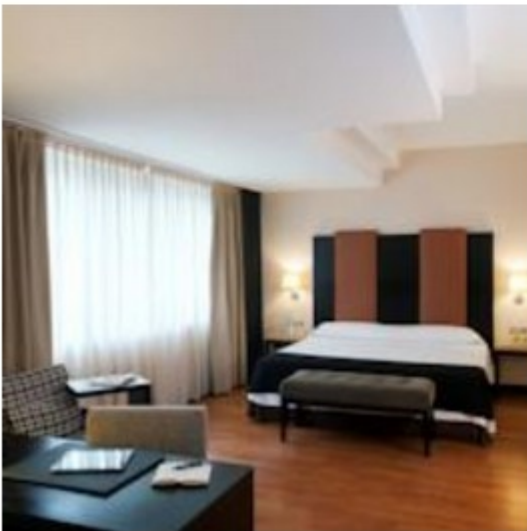

Regarding accommodation, see below some hotels located close to Pius Brnzeu Center.

Hotel Continental Timisoara 4*

Hotel Timisoara 4*

Hotel NH Timisoara 4*

Hotel Central Timisoara 3*

If you want us to provide accommodation please contact to our travel agency,
business@businessandtravel.es

Depending on your time of arrival in Timisoara, you can join us anytime on Wednesday, from 13:00 to 18:00, for a warm-up session on perforator dissection using experimental models described by G. Hallock. The goal of this session is to teach you careful dissection of extremely small vessels, which will allow you to perform better during the large animal dissection models of the following two days.

Please be sure to arrive at the *Pius Branzeu Center* by 8:00 am on 17th **December** 2015.

Please download M3 program,

Module 3 Program

Do not hesitate to contact me if you need further information.
